

ALICIA BROWN

Hi!

I love data, technology and enabling teams to inform decisions and accelerate transparency. I take great joy in using the latest libraries and scalable cloud technologies to retrieve and reshape data to develop delightful and reproducible stories, visualizations, dashboards, shiny apps, reports and solutions.

EXPERIENCE

present
|
2018

Technical Solution Architect

Socrata / Tyler Tech - Data and Insights Division  Seattle, WA

- Partner with public sector agencies and governments to share their data within their organization and community for informed decision-making and transparency
- Empower the discovery of insights in data by teams via Data Science and Business Intelligence Tools and Programming Languages (Power BI, Tableau, R, Python, SQL, Excel, Power Query)
- Provide guidance on establishing strong data programs to ensure the integrity, availability and accessibility of data

2018
|
2015

Senior Data Analyst

Socrata - Global Services  Seattle, WA

- Consulted on best practices on Data Governance, Metadata, Standards and Quality
- Developed custom ETL (Extract-Transform-Load) for multiple client tools and source systems
